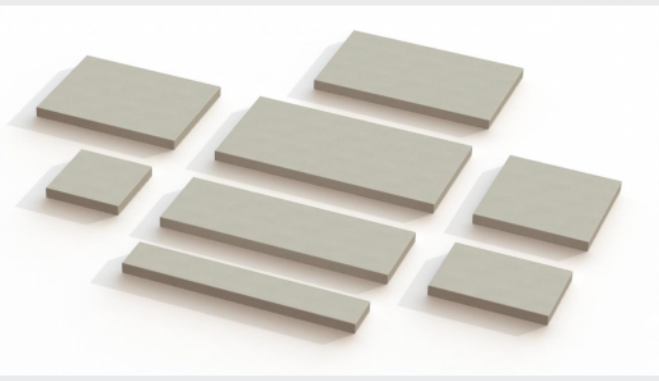
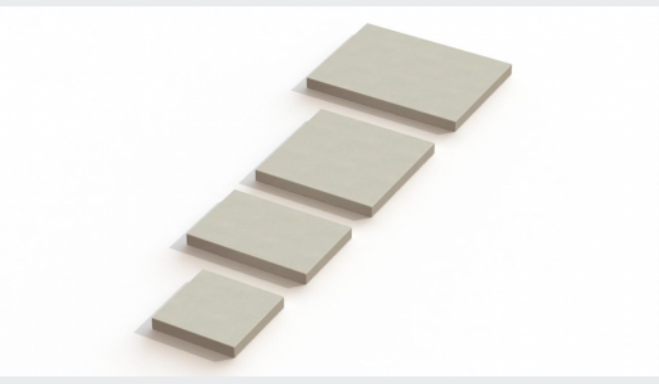
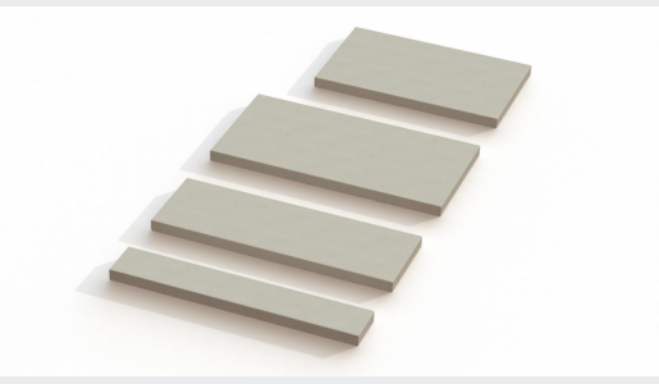
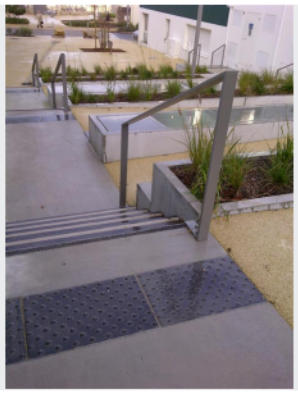
Fasonado Large Size Casted Slabs

URBASTYLE
CONCRETE STREET FURNITURE









We called our range of Large Size concrete casted slabs Fasonado Facinating Fasonado. Size does matter. Casting in concrete enables complex shapes and sizes in large format tiles.On the other hand, there are large pressed concrete slabs where flexibility is slightly less, but where automation allows us to produce many more pieces in a shorter period of time. Our finishing and colour possibilities are very extensive. Please contact us!
