

Large size slabs for the Water park of Charleroi, BELGIUM

Location: Marcinelle - Loverval - Charleroi (BE)

Public Space

Project details

Urbastyle's Fasonado large size slabs in anthracite and white acid etched have been supplied to the Water park of Marcinelle, Charleroi. It was an interesting challenge for Urbastyle to deliver large size slabs sometimes of more than 6 meters long and for most of them all of different dimensions. Our specialty being the non-standard, we produced and delivered more than 1800 m², 304 different references of large format slabs. We also produced stairs and diving board...
