

Fasonado concrete large size planks for Bristol Harbourside, UK

Location: Bristol (UK)

Public Space

Project details

As part of Bristol Harbourside, the Brunel Mile Public Walkway is fully finished and paved with concrete large size planks. Bristol Harbourside is a mixed use development that gives a new boost to the historic waterfront. Grant associates was responsible for designing the public realm of this 6.6 hectare scheme including the last part of the Brunel Mile, the connection between the old city and the harbour. For the final part of the Millenium Promenade we supplied large size planks,...
