

Precast customized concrete seating, Market Square, Turnhout, BELGIUM

Location: Turnhout (BE)

Public Space

Project details

The green islands surrounded by precast customized concrete benches and the free standing benches are an eye-catcher on the Market Square of Turnhout. The centre square of Turnhout, the Market Square, is parking-free making it feel like one large terrace and is suitable for numerous events. The intimate city garden around the church is conceived as paths that run between green islands. The islands are bordered with precast customized concrete benches and provide a resting point in...

- > Benches creating also planters
- > LED lighting hidden in the benches
- > Wooden seating nicely fitting with the benches
- > Special slabs with playing card design
