Project details

Our partner in Denmark, Zenzo has delivered the concrete pedestal for the Museum of Modern Art of Arken, next to Copenhagen. The statue, designed by the Danish/Norwegian duo of Elmgreen & Dragset, represents a boy of 4m on a rocking horse and was previously exhibited on Trafalgar square in London. Now the visitors of the museum will see it first when they arrive on the island. The pedestal is about 4,2 m long x 1,91 m wide x 2,3 m high and weighs 15,2 tons....
