

Curved bench with integrated LED – Church Square, De Haan, BELGIUM

Location: De Haan (BE)

Public Space

Project details

At the entrance of the church on the Church Square in De Haan, a curved bench with integrated LED lighting provides a pleasant resting place. The Church Square of de Haan and the surrounding streets were redesigned with a curved bench in front of the entrance to the church. The curved bench is made to measure and is a derivative of the standard bench led line 4. This curved bench is equipped with integrated LED lighting. Because the housing of the lighting is cast-in during the...
