

Large format slabs and curved benches – Schengen Square, Antwerp, BELGIUM

Location: Antwerpen (BE)

Public Space

Project details

Customized curved benches with backrest and large format paving slabs for the Schengen Square in Antwerp. The Schengen square (formerly Cadix square) in Antwerp is a neighbourhood square and is the new beating heart of the Cadix district. As one of the largest green squares in Antwerp, it is a lively meeting place for the residents. In close consultation with the architects, Urbastyle produced the curved benches. Several of the benches have a concrete backrest that has been...
