

# Hanover Cannery park, San José, California, USA

Location: San Jose, California, USA

Public Space

## Project details

Have you ever dreamed about sitting on a cloud? These may not be the cirrus, cumulus or stratus type, but these SEAT CLOUDS are made of precast concrete. ED'S Concrete produced 17 of these seat clouds, in a polished charcoal finish for the new luxury apartments, Hanover Cannery Park in San Jose, California. For more information on these and other seating options visit our website.

☐ Sweet dreams!
