

La défense, Redevelopment of the Terraces Boieldieu, Paris, FRANCE

Location: Paris

Public Space

Project details

For the Terraces Boieldieu in 'La défense' district, we were chosen to manufacture en supply custom made street furniture, slabs, wall copings and steps. The primary object of the redevelopment of the Terraces Boieldieu in the 'La Défense' district was to connect the square in front of La Défense with the terraces and this with the addition of pleasant green zones in this mixed district of offices, shops and residential areas. One of the main challenges was to level up...
